Moon

INFRARED SAUNA

A luxurious haven
for your moments of well-being

Between Prestige and Recovery

With its distinctive circular architecture, the Moon sauna envelops both body and mind in a gentle, continuous warmth—like a protective retreat.

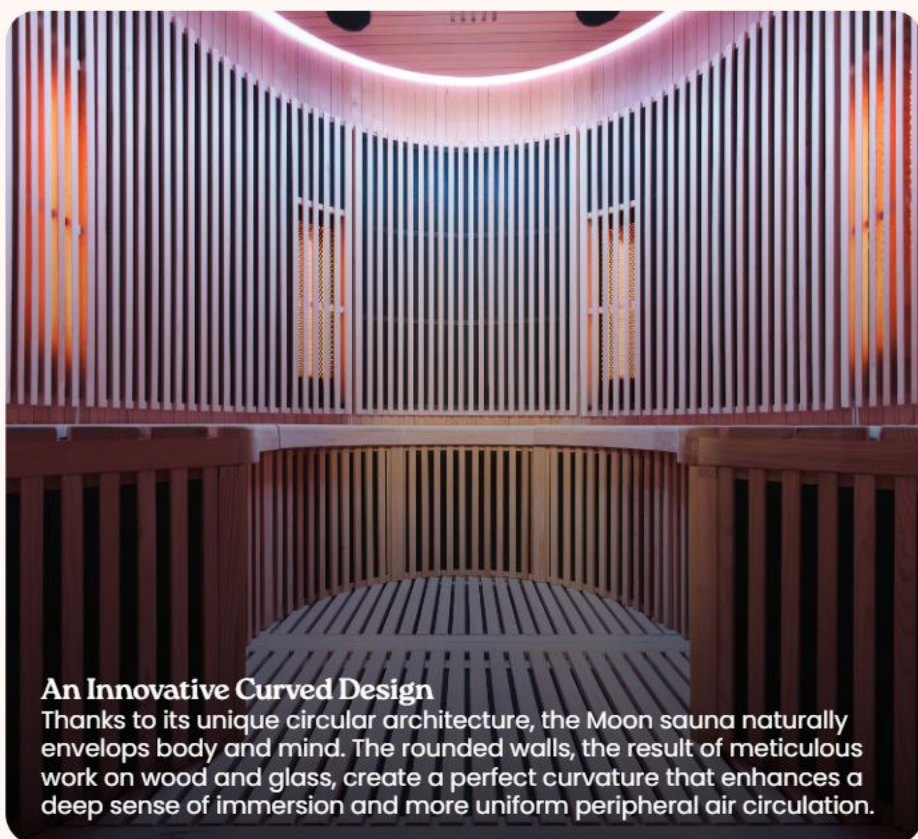

Its rounded walls, crafted through precise wood and glass workmanship, create a perfect curve that enhances a deep cocooning sensation and promotes naturally even air circulation.

Available in natural wood or deep black, the Moon sauna blends elegantly into your space with two finishes of distinctly refined character.

Two Colors, One Timeless Elegance

Natural wood or deep black: the Moon sauna adapts to your environment with two bold finishes. Two atmospheres, one promise of luxury—designed to integrate seamlessly into your interior and reflect your personal style.

An Innovative Curved Design

Thanks to its unique circular architecture, the Moon sauna naturally envelops body and mind. The rounded walls, the result of meticulous work on wood and glass, create a perfect curvature that enhances a deep sense of immersion and more uniform peripheral air circulation.

Quartz Full Spectrum Infrared Technology

Quartz Full Spectrum infrared technology delivers the full range of beneficial wavelengths (IR-A, IR-B, and IR-C) for progressive, deep-reaching effects on the body. Combined with carbon panels positioned above and below the bench, it ensures evenly distributed, targeted, and enveloping heat. This diffusion promotes muscle relaxation, improved blood circulation, physical recovery, and toxin elimination—for effective, long-lasting, and perfectly controlled well-being.

FSC-CERTIFIED HEMLOCK WOOD

Provides exceptional durability and ensures an authentic, eco-responsible wellness experience.

AMBIENT LIGHTING & CHROMOTHERAPY

Ceiling ambient lighting combined with an LED strip beneath the bench creates a soft, enveloping atmosphere—ideal for deep relaxation.

REMOTE CONTROL WITH WIFI & TOUCHSCREEN

Prepare your session remotely, adjust settings with ease, and enjoy a perfectly preheated sauna upon arrival. Benefit from the integrated Bluetooth audio system for clear, immersive sound.

Features

Moon 1

HL-MOON1 | HL-MOON1-BLK

1 seated person

Ø 102 x H 196 cm

Infrared heaters

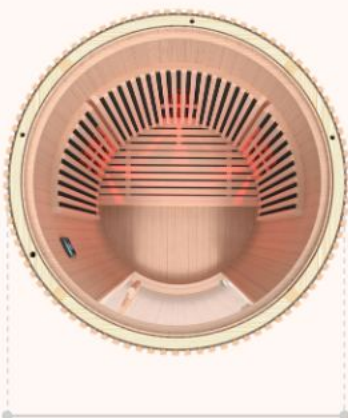

1970 W : 3 Quartz + 4 Carbon
